

PSLSAMP Scholars may be eligible for the following:

- Paid 10 hour/week internship (Academic Year)
- Tutorials (if needed)
- Opportunity to participate in Summer Research Program
- Professional Development workshops
- Advising/Mentorship
- Use of PSLSAMP office and drop-in center
- Opportunities to attend professional conferences

Preference for conducting research is given to students who have the following:

(Not all applicants are eligible for this research experience sponsored through the PSLSAMP program, but all will be able to take advantage of the workshop opportunities)

2.8 GPA or higher (preferred receiving a Hope Scholarship)

Undergraduate student in a Science, Technology, Engineering or Mathematics major

Seriously considering Graduate School (Masters and/or Doctoral Programs)

Students interested in conducting research must indicate the following:

Yes No **Are you interested in Academic Year Research Program?**

Yes No **Are you interested in the Summer Research Program?**

Only for Academic Year and Summer Research students, you must have two letters of recommendation: see attached forms

(Academic References: At least one recommendation letter must come from a faculty member. Prefer faculty, however identify someone who can evaluate your ability, experience, potential.)

Personal Academic Statement

(All applicants must provide personal statement)

Your personal/academic statement should be **no more than two (2) pages in length** and should be typed or word-processed, double spaced (500 words). Your statement should clearly address the following topics:

- (1) What specific science, technology, engineering, or mathematics (STEM) major(s) you are interested in and your research interests;
- (2) Your STEM related career plans; and/or
- (3) Why you want to learn/pursue a STEM discipline;
- (4) Do you participate in any other research programs (i.e. CURO, REU) and discuss any co-curricular activities (i.e. community service);
- (5) Lastly, discuss what you will contribute to the LSAMP program, describing personal qualities that you would bring, and how those qualities would benefit both the program and its participants.

Please submit with application. At the top of your personal/academic statement, please type or print your full name and the last four digits of your social security number.
